

I am a strong supporter of XM radio. It is my choice to listen to it and I pay for XM's services so it is not up to the NAB to dictate what I should be permitted to hear, including traffic and weather information. It is a violation of free speech and the 1st ammendment to dictate what can be played on Xm. Who are they to say that we aren't entitled to Traffic and weather? It is my choice to pay for XM and they should not be prohibited from expanding their services to its customers!PLEASE reject the NAB's petition 04-160.

Respectfully,
Francie Ferrara
